

BUILDING GOD'S CHURCH

Building to Worship

I Peter 2:4-5

Peter has led us in this series to understand the importance of coming together in love as a church. This morning we look at what should be the final goal or purpose in our assemblies and community. We don't meet together to change the world, improve our lives, or find personal satisfaction. Our end goal for our church is to worship Jesus Christ our Lord. May we find our dreams and hopes in Christ alone.

**Worship starts with seeing _____
with the eyes of _____**

**God accepts _____ offered as
_____ to Him**

The Growth Group

BUILDING GOD'S CHURCH
I Peter 2:4-5

Building to Worship

Getting Started

1. What was your most disappointing vacation or travel destination?
2. Would you rather learn how to build balloon animals or how to make candles?

Digging Deeper

3. Psalm 118 is the final Hallel song that was sung as Jesus rode the donkey into Jerusalem. How is the Triumphal Entry an illustration of the rejection of Jesus?
4. Psalm 34:5 translated from the Septuagint: *Coming to Him, your faces will shine, you will not be ashamed!* How will the living stones be transformed by coming to Jesus?
5. Read Leviticus 10:1-5 and Acts 5:1-11. How serious before God is our entrance into His holy priesthood?

Living It Out

6. What lies does Satan tell the church today in order to cloud our vision of Jesus?
7. What are places of service in our church where needs in this Body are not being met?
8. Can you suggest a way for our church to serve in a new way outside of the Church for us to bring glory to Jesus Christ?
