

BE VIGILANT

Mark 13:14-23

How will the world end? Mankind has debated and worried over that question for thousands of years. Thankfully, those in the Church do not need to worry or fear the end. We know how this world will end and who will be in control at the last days. At the same time, we are called to know how to live right until the end. Jesus calls His people to live for His glory to the final day.

4. What does vs. 20 teach us about the relationship of God with His elect?

Living It Out

5. Why should prophecies that may not occur in our lifetimes (the Abominations of Desolations will take place during the Tribulation) affect how we live today?
6. What practical, concrete step can you take this week to increase your prayer for those undergoing persecution?
7. How can we encourage one another to take heed in understanding, obedience, and prayer?
